

66 Nelson Mandela Ave

Harare, Zimbabwe

1<sup>st</sup> floor Strachans Building

Dear Sir/ Madam

As an accomplished photographer with 10+ years of experience creating memorable images for clients like Corporate events, weddings and family portraits working both in door and outdoors. I was pleased to see your ad for a photographer. I know from the job posting on your website clearly shows that you really need a photographer with leadership experience which can shoot nice picture for your clients and create timeless memories.

During my time as an employee at Timeless photos I contributed greatly in changing the way of doing photography. I created a great deal of a cliental base that almost everyone like to see me behind the camera.

What I believe when working with clients is consistency, maintaining same stance of excellent increases happiness in customers hence creating a good relationship between the service provider and the clients.

Best regards

Isaac Tenesi
